

Hofmann, Elena: Board

I am writing to express my interest in actively participating in the board and running for the position of representative for the Round Table Coaching (RTC).

My name is Elena Hofmann, I am 43 years old, and I am a passionate coach and mentor with a focus on supporting individuals from pain to greater well-being.

Approximately two years ago, I transitioned to working full-time as a coach after spending over 15 years as a business economist, both nationally and internationally.

Last, I held a managerial position in the shipping industry, where I led an international team and managed the finances of cruise ships.

I have already participated in the RTC general assembly in Erfurt and would be happy to attend again in November if desired, to actively represent the interests of EASC.

I am a certified Life Trust Coach by Veit Lindau and an EASC Coach, bringing extensive experience in quality circles and management processes.

My desire to run for the RTC position is driven by a strong interest in actively contributing to the development and professionalization of the coaching field.

I would be pleased to contribute in this role and support EASC in continuing to set standards and advance our common goals.
