Ethics Commission

European Association for Supervision and Coaching

Dear Members of the Ethics Commission,

I am writing to express my interest in joining the Ethics Commission of the European Association for Supervision and Coaching. With 15 years of experience in supervision, I have had the privilege of working with individuals and organizations across a variety of sectors, which has provided me with range of insights into the ethical challenges that arise in professional coaching and supervision practices.

Throughout my career, I have frequently encountered complex ethical dilemmas—ranging from issues of confidentiality and boundaries to power dynamics and conflicts of interest. These challenges have become a central focus of my practice, and I have developed a humble understanding of the importance of ethical frameworks in guiding decisions and maintaining the integrity of the supervisory process.

My professional experience in the Czech Republic has given me a general perspective on how ethical considerations are addressed within our local context. There is, in my view, a growing need to bring more attention to these ethical dilemmas and raise awareness of best practices that can contribute to a more responsible and reflective coaching and supervision environment. By joining the Ethics Commission, I hope to contribute to the ongoing dialogue about ethical standards and practices, particularly in regions where these discussions may be less formalized.

I would be honored to contribute to the work of the Ethics Commission, and I am eager to collaborate with fellow professionals who share the commitment to fostering an ethical, transparent, and accountable approach to supervision and coaching across Europe. I hope that my experience, along with my dedication to promoting ethical practices, will enable me to make a positive impact on the Commission's important work.

Thank you for considering my application. I look forward to the possibility of contributing to the continued development of ethical standards in our field.

Yours sincerely,
Marie Mareckova
