

Motion to the General Assembly of

Members 19.11.2026

Place, date	Dortmund, 28. September 2026
Applicant's Name	Mechthild Müller
Membership Number	1254
Subject <i>Title of the motion</i>	Increase in Membership Fees for Individual Members and Institutes
Reasons for the motion	Inflation over the past years has also affected the association. In order to maintain the expanded range of services offered to members, it is necessary to increase the membership fees for individual members and institutes after four years. Taking the current economic situation into account, we propose an increase of 8%. In aggregate, this corresponds to approximately half of the inflationary growth experienced over the past four years. The increases apply to the membership fees of institutes as well as individual members in Europe 1, 2, and 3, in the categories of Candidate Member, Full Member, and Passive Member.
Subject of the vote <i>Please formulate here the resolution to be voted on.</i>	The General Assembly may resolve: that the fee schedule in its presented form shall enter into force on 1 January 2027.
